Why this programme is perfect for you

The Young Leaders Programme is a dynamic full-day event focused on developing practical skills and connecting emerging talents with each other but also with renowned urban heroes.

Taking place in Istanbul on Tuesday, April 6, 2027 it features hands-on workshops, unique networking opportunities and inspiring sessions – all as part of The Better-Cities-Event – connecting Citychangers from Europe, Asia and beyond.

Skills Workshops

Workshops to build key skills in leadership, communication, and advocacy – everything young change-makers need to get started and get involved.

Fireside Chats

Small group talks (6–8 people) where leaders from community, business, and city life are prepared to lift the veil, offering candid answers and genuine insights.

Braincycling Sessions

This is where you can share your own projects, get fresh ideas, and see things from new angles to help make cities better.

Connect & Grow

We'll give you the space to meet like-minded change-makers from all over the world!

Get ready to be challenged, involved and connected.

This is your chance to get inspired
by experienced change makers,
chat with exceptional mayors,
chief city planners or business leaders
in a private setting, and engage with
